1.0 Our School Vision

At Avonwood we see it as our moral imperative for all children, regardless of background, to achieve their very best. Our children all read classic literature, study modern foreign languages, experience the science of dissecting organs and even learn a new musical instrument every year as a right, not a privilege. These high expectations enable us to develop and deliver a curriculum rich in carefully sequenced and embedded powerful knowledge. We expect teachers to deliver lessons with that fulfil this expectation whilst living up to our ambition of **inspiring wonder and intellectual curiosity**.

Our curriculum is at the centre of every education decision we take at Avonwood. We do not see the curriculum as a finished product, far from it. On a weekly, termly and annual basis we review plans, consider our intent and make sure we deliver the very best academic and enrichment diet to our children. We whole-heartedly believe that it is our duty as a school to ensure that children leave with more than just the curriculum expectations but leave with a set of memories and experiences that develop our children morally, spiritually and emotionally and prepares them for the ever-changing, modern world that we live in. Therefore, we aim to provide every child with a range of opportunities to further develop themselves and their skills to help prepare them for adulthood.

We are honoured to be the only United Nations Earth Charter Primary School in Europe. We believe it is vital that all children have an understanding of their responsibility as global citizens and our eight Earth Charter principals are referenced throughout our curriculum and daily life. From the importance of peace and respect for all living creatures through to the consideration of the past and future of our planet, this ethos gives our Avonwood curriculum a very current and relevant perspective that all stakeholders within our community hold strong. This runs deep within our "Avonwood DNA" and is optimised by our school mantra... it starts with one! This runs through all aspects of our enrichment opportunities that we offer at Avonwood.

The Avonwood Curriculum provides all children, regardless of their background, with a set of core ideas that will enable all students to experience a personal sense of awe and wonder when describing and explaining the world around them. Throughout our curriculum we have selected examples that inspires children's' curiosity about the world and highlight a range of key figures from a wide range of backgrounds; and considering social and cultural values.

2.0 Our promise: Avonwood, Avon-will

The above section sets our school vision, however at Avonwood, we also value the hidden curriculum and strive to develop more than just the academic skills for every child throughout their time with us. This has been developed from the philosophy from the Framework for Excellence within United Learning which states, *“Academic success is very important... But there is more to a good education. We want young people to look back on a joyful schooling which has inspired and challenged them, given them wide opportunity and prepared them for the ups and downs of life.”*

Therefore, we aim to better prepare children for the ever-changing, modern world that we live in by developing some core skills and a breadth of knowledge and understanding that enable children to be active citizens in their future. This includes developing skills such as:

- Confidence
- Resilience
- Perseverance
- Moral integrity (a sense of right and wrong)
- Social awareness
- Ambition
- Enthusiasm

This document aims to set out the enrichment entitlement that each pupil will get access to during their time at Avonwood.

By the end of their time with us at Avonwood, we pledge that every child will:

- Speak publicly e.g. perform in an assembly;
- Vote: to understand democracy;
- Take part in a team sport;
- Attend forest school and understand how to look after our environment;
- Participated in a music or performing arts activity;
- Helped others by participating in a social action campaign or volunteered their time;
- Represented my school/house/year group by taking part in a cultural, artistic, charitable or sporting event to an audience outside my school;
- Heard from an inspirational speaker;
- Had a chance to share my views about school via the pupil leadership structure;
- Attended a residential trip;
- Had my talents celebrated and recognised;
- Have the opportunity to apply a life skill inside the classroom and out (e.g. crossing roads, first aid);
- Have the chance to turn an idea into a reality by problem solving real-life challenges.

Each year all pupils will:

- go on a school trip
- perform music or drama to an audience
- represent their class in individual and team activities
- share their views on the school through student leadership structures
- hear from an inspirational speaker or author

In Key Stage 1, all pupils will:

- have a named role with classroom responsibilities
- volunteer time to serve the local community
- go on a school trip to place of local significance
- Reflect on their aspirations and personal development goals with an adult in the school

In Key Stage 2, all pupils will:

- represent the school in a sporting, cultural or academic event.
- learn a different musical instrument every year
- have the opportunity to stay away from home and bond with classmates on a residential trip.
- watch a professional performance, production, sporting or cultural event live at an inspiring venue or in school.
- deliver a presentation to an audience.
- volunteer time to serve the local community.
- attend a careers event
- demonstrate leadership outside their class through working with younger pupils, helping with whole-school responsibilities or taking on specific named pupil leadership roles
- Reflect on their aspirations and personal development goals with an adult in the school

We believe that through this promise, our Avonwood children will leave as life-long learners who are well-rounded, socially responsible children and are ready to face the challenges of the world.

3.0 'Avon-will' Strands

At Avonwood primary school we group our 'Avon-will' promises into 8 key areas:

- Sporting Opportunities
