Home Learning Expectations

November briefing, 2024

Reading every day: the power of 1:1 reading

The expectation is that every child reads at home (or is read to by an adult) every day.

Where it is such a key life skill, we feel this sits at the very top of our home learning priorities.

Please do have a look on the reading section of our website as there is a range of information on how best to support your child with reading:

→ [Early Reading | Subjects | Curriculum | Avonwood Primary School](#)

Reading

- New Reading Record
- Record one book per day (even if more have been read)
- Book should be read three times;
 - first for blending
 - second for fluency
 - third for comprehension (asking questions to check for understanding)
- Reading records must be in school everyday
- Books will be changed on the day your child has a guided reading session

Reading 'High 5'

- Bring your reading record in every day.
- An adult will check these weekly.
- Once you have read five times (this does not have to be in the same week and weekends can be included) an adult will tick the 'High 5' reading chart and you will be given a pom pom for our class jar!
- When the jar is full of pom poms, our class will get time to celebrate our success together with a reading raffle activity!

Operation Gadgetman! by Malorie Blackman

Beans calls her dad 'Gadgetman' because of the weird and wonderful gadgets he comes up with. But when Gadgetman accidentally invents a device that could be used to steal millions of pounds, the wrong people find out and he is kidnapped! With the help of her friends - and her special Gadgetman Spy Kit - Beans is determined to track down the kidnappers and rescue her dad. But can she find Gadgetman before he is forced to hand over the details of his invention...?

Clockwork by Philip Pullman

Fritz, the writer, spins a spine-tingling tale to cheer up Karl, the apprentice clockmaker. But rather than helping matters, the story begins to come true....

The Boy at the Back of the Class by Qorjail Rauf

There used to be an empty chair at the back of my class, but now a new boy called Ahmet is sitting in it. He's eight years old (just like me), but he's very strange. But the truth is, Ahmet really isn't very strange at all. He's a refugee who's run away from a War. A real one. With bombs and fires and bullies that hurt people. And the more I find out about him, the more I want to be his friend.

Alex Rider Storm breaker by Anthony Horowitz

In the first book in the number one bestselling Alex Rider series by Anthony Horowitz, fourteen-year-old Alex is forcibly recruited into MI6. Armed with secret gadgets, he is sent to investigate Herod Sayle, a man who is offering state-of-the-art Stormbreaker computers to every school in the country. But the teenage spy soon finds himself in mortal danger

The Fastest Boy in the World by Elizabeth Laird

Eleven-year-old Solomon loves to run! The great athletes of the Ethiopian national team are his heroes and he dreams that one day he will be a gold-medal-winning athlete like them. In spite of his ragged shorts and bare feet.

Beetle Boy by M.G Leonard

The glorious start to a middle-grade trilogy about a brilliant boy, his loyal friends, and some amazingly intelligent beetles that brings together adventure, humour, and real science!

Rhythm and Poetry by Karl Nova

Rhythm and Poetry (otherwise known as RAP) is by Hip Hop artist and poet Karl Nova. The beauty of rap lyricism and Hip Hop influenced poetry is displayed with wit, humour, and positivity. His approach is to meet young people where they are and engage them with the style and attitude they are familiar with. This collection reflects on his journey of growth from childhood to adulthood through the lens of Hip Hop culture.

So You Think You've Got It Bad? A Kid's Life in Ancient Rome by Chae Strathie

This has witty, carefully researched text, packed with historical facts, by award-winning author Chae Strathie, brought to life with rich, humorous illustrations by super-talented Marisa Morea.

Cosmic by Frank Cottrell Boyce

Liam is too big for his boots. And his football strip. And his school blazer. But being super-sized height-wise has its advantages: he's the only eleven-year-old to ever ride the G-force-defying Cosmic rollercoaster – or to be offered the chance to drive a Porsche. Long-legged Liam makes a giant leap for boy-kind by competing with a group of adults for the chance to go into space.

Coraline by Neil Gaiman

There is something strange about Coraline's new home. It's not the mist, or the cat that always seems to be watching her, nor the signs of danger that Miss Spink and Miss Forcible, her new neighbours, read in the tea leaves. It's the other house - the one behind the old door in the drawing room. Another mother and father with black-button eyes and papery skin are waiting for Coraline to join them there. And they want her to stay with them. For ever. She knows that if she ventures through that door, she may never come back.

Home Learning: activities in addition to reading

- Cycle: issued Friday, due Thursday
- Focus: consolidation and fluency
- Home-learning policy on school website

As children transition into our junior school phase, they will be exposed to increasingly independent opportunities to develop and learn. With the academic standard of core subjects also rising, there is an increased need to consolidate and recall prior knowledge from weekly lessons.

Tasks/activities in addition to reading at home daily:

Activity	Expectation
Doodle Maths	5x 10min sessions a week
Spellings	Around 15 minutes a week via Spelling Shed
'Times Tables Rockstars'	5x 10min sessions a week

Ongoing Communication
