

Name: Jagdip Jandu

Role: Governor

Nominated governor for: Diversity and Community / Educational Needs and Disability (SEND)

Date of appointment: September 2021

I am a seasoned fundraiser and have worked in the not-for-profit / charity sector for over 20 years. Ultimately, my job involves asking supporters and potential supporters for donations via campaigns and appeals via multiple channels, managing membership schemes and using marketing to solicit income.

I was an active member of the PTA during my daughter's primary school years, and I am thoroughly enjoying working with the incredible parent governor team at Avonwood Primary now! I have recently started volunteering as a parent governor at Avonbourne Boys and Girls Academies which I know will compliment my role here.

A born and bred Londoner, we moved to Bournemouth during the summer of 2019 - and have not regretted it for a second. It's been everything we wanted - it's a fantastic community and part of the country!
